communication of the state of t On account of Monday being Arbor day the Exchange was only open for business for five days this week, which partially accounts for the rather diminished total. Business was very \$14,193.55. On Thursday and today the amount was lower than usual. Altogether 94,268 shares changed hands during the week for \$35,312.30.

Prices have not fluctuated greatly during the week. The most pronounced changes are seen in Joe Bowers and Sacramento. The former sold at 41/4 cents a share on Tuesday, but closes with 6% bid, while the latter, which sold at 17% in the beginning of the week, is much stronger.

Buckeye shows itself stronger today, when several thousand shares changed bands at from 3 to 3%.

Lower Mammoth, which sold up to 59 on Tuesday, closes today with 531/2 bld, while Grand Central remains stationary with no stock offered at less than \$6.

Daly West is about the same as at the beginning of the week, though an advance of 20 cents a share was noted during the week. Bullion Beck is a little weaker, while Joe Bowers Extension continues to lose favor.

continues to lose favor.

Mammoth sold lower during the week,
but closes strong around \$2.26. May
Day has partially regained its position

of last week. After selling down to \$1.06 it hangs today around \$1.12. Petro Valeo is weaker today, as is Mercur sold up to \$4.75 during the week, while Sunitam stands around 9

THE WEEK IN WALL STREET,

New York, April 21.—The steel and wire episode and the consequent doubt thrown upon the soundness of conditions in the iron and steel trades was the effective means of checking the disposition of prices to advance, which was manifest at the opening of the week. Realizing on a large scale was induced and buying was discouraged.
Business has shown a contracting volume, and prices have fallen except in
a few vicete. The growing space of a few stocks. The growing ease of money which has reached an almost plethoric stage, the unprecedents piethoric stage, the unprecedented railroad earnings reported, the favorable crop prospects and the country's extraordinary foreign trade have all been ignored. Prices of bonds were better sustained and strong points have persisted in the bond market.

persisted in the bond market.

# PRICES BROKE BADLY TODAY

Time on Wall Street.

Pavorable Bank Statement Causes Slight Rally-Produce and Live Stock Steady.

New York, April 21 .- Expectations of

the action to be taken at the meeting of the executive committee of the Steel and Wire company were disappointing and the iron industrials broke badly at the opening of the stock market. Steel and wire itself opened in an excited state, sales of 4,300 shares being made at from 40 to 42, compared with 441/4 last night. Support appeared in various stocks. Sugar, Brooklyn transit. Metropolitan street railway and others advanced 161%. The metal stocks ruled in some cases a point above the lowest. Free selling of Missouri Pagood on Tuesday, when the value cific forced it down 314, and broke badly of the business transacted amounted to all round. The iron industrials fell below the opening level. Shorts covered on the appearance of the bankstatement, the rally reaching a point only in Missouri Pacific. The rally brought renewed liquidation and the market sagged. There were some feverish rallies on hasty covering by shorts but the closing was about at yesterday's figures.

# COLD PRODUCT OF CALIFORNIA

Business Falls a Little Below the Iron Industrials Had a Seriou, Shows a Slight Decrease During the Past Year.

Alaska Product More Than Doubled-Promises Well for This Year-Items from Utah Camps.

A "News" dispatch from San Francisco today says: The superintendent of the U. S. mint at San Francisco has forwarded to the director of the mint at Washington a report showing that the gold and silver product of California for the calendar year 1899 amounted to \$15,840,043, of which \$15,236,031 was gold and \$504,912 silver. The silver is given its commercial value, its coining value being \$1,106.578.

Comparing the totals of gold and silver with the corresponding figures obtained from the same sources in the obtained from the same sources in the year 1898, the gold yield of the State shows a decrease of \$570,447, and the silver yield an increase of \$98,957; making a net decrease from the previous year of \$480,490. This is attributed to the fact that owing to the dry season many mines were shut down.

The returns to the mint show the employment of 18,701 miners in the gold, silver, lead and copper mines of the State. Alaska has more than doubled its bullion product in the last year. The receipts of Alaska gold at mints,

the receipts of Alaska gold at mints, assay offices, refineries, smeiters, etc., for the calendar year 1899 were \$5,602,012, and the silver \$222,343, a total of \$5,531,355, or \$3,199,844 more than in the year 1898. Of this increase it is estimated that \$2,490,000 came from the new placer camp at Cape Nome last season, the first year in its history, and the rest of the increase from the quartz the rest of the increase from the quartz mines of southeastern Alaska. The receipts at mints, assays offices, private refineries and smelters for the

calendar year 1899 from the northwest territory (Klondike) were \$15,986,625 gold, and \$267,390 silver, a total of \$16,-240,732. This shows a marked advance in output for the Klondike field, since the increase over the previous year is \$5,

#### RECEIVER ASKED FOR.

The Consolidated Copper Mining Co. of Eureka, Nevada, Wants One.

A dispatch from Chicago today says: John Gibbs, D. L. Staples and F. R. Ferguson of Chicago; William Whalen of Eureka, Nevada; Gen. Wm, Leighton, Jewett and others o pids, Mich., have filed suit in the circuit court asking that a receiver be appointed for the Consolidated Copper Mining company. The company's mines are in Eureka county. Nev.

Plaintiffs allege a conspiracy to discredit the company and depress the valus of its stock.

#### THE WEEK AT BINGHAM. Week's Shipments - The Louise S. Mine-The Dalton & Lark.

In its review of the camp, the Bingham Bulletin says: The Neptune is again delivering ore to the Dewey mill. Mayne's teams finished hauling a 40ton lot of Phoenix ore Saturday.

Frame work for main building of Shawmut mill was nearly completed Among shippers this week were High-

land Boy (lead ore), three cars; Ama-zon, one; Petro, eight; Red Wing (con-

contrates), two.

Shipments from Fortune mine this month include 33 tons lead and 36 tons copper ore. Second grade, pending starting of mill, is piling up in drifts and on dump and becoming a musance. Some of the city papers are engaged in building a big concentrator for Colonel Wall on the Wall-DeLamar property. They should at least let the lonel press the button that starts the

The two carloads of ore shipped from Montezuma last week sampled 48 per cent lead, 20 ounces sliver and \$7 gold, and sold for \$1.800. Manager Strickley is getting ready to send out two carloads more of the same material. Brooks' mill has been idle this week,

waiting for the electric power company Having suspended work in the in-

clines, awaiting electric power, the Wat Mountain placer laid off part of its force this week. THE LOUISE S.

The Louise S. Mining company has completed connection between tunnels by a 185-foot raise. This week a chute is being put in, and a wagon road will soon be surveyed and built, when the company plans to market about four carloads of ore per week. The vein, 4 feet wide, has a pay streak varying from 18 inches to 2 feet, gold, silver and lead, of which shipments last fall sold at \$50 per ton. Some of the ore carries nearly an ounce in gold. Company's group consists of six claims—Louise S St. James, St. James N. 2, Susie S Hattie G. and Maggie L.

DALTON AND LARK.

Last Monday main incline of Dalton & Lark mines had reached 1025 feet depth. It is in excellent mineral, and going down as rapidly as possible establish 1,100-foot level. The mines are looking well at every point, and Manager P. T. Farnsworth states without reserve that purchase of the property by Mascotte company will be summated according to terms stipulat ed. A force of about 40 men is em ployed, mainly on development work.

## Sunbeam Will Resume.

It is stated positively that the Sun of the heavy stockholders, the contro being vested in the Park City trio Weber, Kearns and Keith. The present plant will be reinforced by a new boiler to handle the water and the Lawrence shaft sent to the deep

Tintic Shipments.

Special Correspondence.

Eureka, April 20.—The ore shipments from the Tintic mining district were up to the usual standard this week, and over one hundred carloads found there with its new gravity transway, which enables the management to handle the mine's product with the greatest dispatch, and at the lowest possible cost—during the week sent out thirty-eight corioads. The May Day came to the front with a consignment of three carloads, and if the present outlook at the mine is to be taken into consideration,

this property will contribute a like amount of ore every week for an indef-inite period. The Grand Central, Mam-moth, Swansea and South Swansea each sent out handsome shipments, but the Dragon iron mine, which has hereto-fore been one of the principal contri-butors to the district's shipments, is at present closed down. The shipments were as follows:

 
 Builfon Beck
 3

 Centennial Eureka
 38

 Gemini (Keystone)
 9
 Mammoth ..... Grand Central .... South Swansea ..... 4 Besides the above the Mammoth mill sent out three carloads of concentrates.

#### UTITED STATES COMPANY. Conditional Resignation of James

W. Nefll Has Been Tendered.

James W. Neill has tendered his con-James W. Neill has tendered his conditional resignation as general manager of the United States Mining company. If is stated that Mr. Neill has had a disagreement with Managing Director A. F. Holden and objects to his being again selected for that position. Mr. Neill was in Bingham today and could not therefore be seen, but Mr. Molden disayand all knowledge of any and could not therefore be seen, but Mr. Holden disavowed all knowledge of any disagreement and expressed the hope that Mr. Neill would not quit the service of the company, for which Mr. Holden says he has performed herculean labors. Mr. Neill's resignation is to take place June 1st.

Director S. F. Kelly and President R. D. Evans of the company left the city last evening for Denver.

#### THE TIEWAUKEE BONDED. The McCormick Shaughnessy Lit-

igation Comes to an End.

Owing to the financial conditions in which the Tiewaukee Mining Company, of Bingham, became involved in the spring of 1897, the management thought best to cease operations, and from that time until the present this well known property has been closed down.

The indebtedness of the company was all concentrated in the hands of the bank of McCornick and Company, who some months ago commenced a suit which has been pending until now. We are today informed by one of the real parties in interest, that all of the obligations existing between the Tiewaukee Company and Col. Shaughnessy on the one part, and McCornick and Company, the sole creditor, on the other pany, the sole creditor, on the other part, have been satisfactorily ar-ranged and releases executed. While anged and releases executed. While he suit has not been dismissed as yet it only remains for the attorneys on either side to make the proper motion, which, it is said, will be done and the litigation terminated within a day or

Col. Shaughnessy says that while it is his intention to resume work, it will likely be some time before ore will again be extracted from this old pro-ducer; from which \$300,000 was ex-tracted years ago. There is no doubt that this property will rank among Bingham's big producers in the near

# MOUNTAIN VIEW CLAIM.

Lies Near Humbug-Ore Encountered in the Shaft. A visitor who arrived from Tintic to-

day brings encouraging news of the Mountain View property, which adjoins the Humbug mine. For some time past the management has been sinking on a mineralized quartz tedge carrying a large per centage in fron. In addition to the iron, the quartz has occasionally shown low silver values. Some time ago, at the depth of somewhere around 250 feet in the shaft a drift was run on the ledge and

shaft, a drift was run on the ledge and things looked so encouraging that work in the shaft was resumed. At a depth of about 350 feet it is now stated that a big change has taken place and positive indications exist of the near approach to an ore body.

# MINING NOTES.

The Cave mine near Milford reported today with two cars of ore. Two cars of ore were marketed today from the Carisa of Tintic,

The Centennial Eureka of Tintic had 10 cars of ore on the market today. Harry Joseph expects to leave for Fish Springs on Monday to visit the

Two cars of ore were on the market today from the Red Wing mine at

The South Swansea of Tintic reported on the market today with three cars of ore. A number of tests are being made on

the concentrating ore of the No-You-Don't mine at Stockton. Col. Heffron reports that the Shoe-bridge-Bonanza is not looking so well as it was a few weeks ago.

A car of copper matte was on the market today from the Nevada mines of the Glasgow and Western Exploration The Taylor-Brunton sampler reported

fifteen cars of ore from Tintic, one from Nevada, two from Milford and two from Bingham today.

Sinking is still going forward at the resora. The extraction of ore will be topped so that the shaft may be put wn 100 feet deeper as quickly as pos-

Four feet of first class galena is reported in the upraise now being run for air from the 300 level to the 150 level of the Hercules of Stockton. A big future is promised for this property. A. J. Malloy, who is connected with several promising Nevada mining prop-ertles, is in the city once more, after visiting London and Paris on mining

The business management of the Min-

ng Review will hereafter be conducted by H. C. Brownlee, H. C. Cole having resigned in order to devote his time to s brokerage business,

Col. L S. Pine, who represented the Eastern parties who purchased the Jersey Blue group of claims in West Mountain district, has arrived from the Moreur Miner: Owing to the shut

down of the Jordan Narrows power plant the Golden Gate Extension has been obliged to suspend operations for the present. The electric hoist at the haft was driven by the Jordan Nar-ows current. The power company has so they can resume operations. White Pine (Nev.) News: Thomas

Johnson was down from Copper Flat last Sunday with some fine samples of copper ore from the Eureka mine, which he located last Sentember add. opper ore from the Eureka mine, hich he located last September, adjoining the north ends of the Star and Star of the West mines. He has already run a cut and tunnel for twenty feet through the ledge without encountering either wall, and there seems to be no doubt that the mammoth ore body which is being developed on the latter properties passed through his ground. ing largely in the form of chalcopyrite.

Mercur Miner: It is rumored that the negotiations for the consolidation of the Mercur and Golden Gate are in danger of falling through. It is said the hitch is not so much in respect to the hitch is not so much in respect to the comparative values of the fwo properties as in regard to the control of the combined properties. Capt. De Lamar wants entire control to do with it exactly as he pleases. The Mercur people would like to retain some of the management and not sink their identity entirely. This difference of opinion may result in all negotiations being broken off or the Mercur being purchased out. off or the Mercur being purchased out

# JUST SEVEN DAYS REN

ONLY SEVEN DAYS YET REMAIN OF DRS. SHORES' SPECIAL OFFER OF FREE EXPERT EXAMINATION TO ALL WHO APPLY AS A TEST OF DRS. SHORES' SKILL AS PHYSICIANS AND SPECIALISTS IN THE DIAGNOSIS AND CURE OF DEAFNESS, CATARRH AND ALL FORMS OF NERVOUS. PRIVATE AND CHRONIC DISEASES.

# You Must Apply Before April 29th.

For after that date the regular fees will be charged—COME ANY TIME BEFORE APRIL 29TH AND DRS. SHORES WILL EXAMINE AND ADVISE YOU FREE. THEY WILL TELL YOU WHAT YOUR AILMENT IS, FREE, Provided you come before April 29th, after that date this special offer will be withdrawn.

If you suffer from any Chronic disease of any name or nature, or any combination of troubles, the exact nature of which you have never known, COME TO DRS, SHORES AND LEARN FREE OF CHARGE WHAT YOUR TROUBLE IS AND WHAT CAN BE DONE FOR YOU. Don't wait until the last days, and be crowded out-but come today, COME MONDAY, COME ANY DAY THIS WEEK AND DRS, SHORES WILL FOINT OUT THE SORE SPOTS, TELL YOU EVERY ACHE AND PAIN YOU HAVE, WHY YOU SU FER, AND WHY YOU HAVE, CURE YOU AT A NOMINAL COST, Prices and terms within the reach of all.

REMEMBER this special offer means EVERYONE WHO IS SUFFERING, ITS FREE-you won't have to take treatment or pay a cent. Come and bring your friends.

140 Third St., Salt Lake City, Utah, April 17th, 1900.

Doctor Shores, City:

Dear Sir—I have great pleasure in bearing testimony to the value of your treatment for catarrh of the head and t hroat, from which I have suffered for several years. I may say that I have tried nearly all of the so-called cures without any permanent good results.

I commenced your treatment on the 16th of March last, and now I am entirely free from all unpleasant consequences of the disease, and believe you have effected a perfect cure.

Fearing the possibility of a relapse I intend to continue the treatment for another month, although I scarcely think it necessary.

With very many thanks, I remain, dear sir,

With very many thanks, I remain, dear sir,

Very truly yours, DISEAS friends.

# FRUIT," A MECHANIC BY HIS

WORK, A MERCHANT BY HIS SUC. CESS, AND YOU YOU SHOULD JUDGE A DOCTOR BY HIS CURES. a complete glagnosis of your alment.

Drs. Shores will tell you HOW you suffer and WHY you suffer and WHETHER you can be cured or not, and EXACTLY WHAT is will cost you

and EXACTLY WHAT II WILL COST YOU to be CURED. THIS EXPERT EXAMINATION IS ABSOLUTELY FREE TO ALL WHO APPLY THIS MONTH WHETHER YOU TAKE TREATMENT OR NOT.

WRITE TODAY If you can't call. REMEMBER the SPRING months is

the best time to cure PERMANENTLY CATARRH and ALL FORMS OF CHRONIC DISEASES, One month now

s equal to three months of any other

season of the year. Do not delay.

CLEARING HOUSE REPORT,

# Total ......\$9,100

There has been more activity in commercial stocks during the past week than for some time previous. The approach of the dividend date, May 1st, of the Deseret National bank, when its regular \$3.00 per share will be paid, has sent that stock up to the highest point since the revival in local stocks set in. Lehi Sugar has been active and several blocks have changed hands at prices ranging from \$14.55 to \$14.85. A block 200 shares sold this morning at \$14.65. clared as soon as the company's stock of sugar is sold, which will probably be early in June. The following are the latest quotations:

## BANK CLEARINGS.

Lake's figures held up quite well, being \$2,295,284.00, an advance of 10 2-10 per cent over the same week last year. These figures place us ahead of Fort These figures place us ahead of Fort Worth, Portland, Ore., Portland, Maine Norfolk, Des Moines, Syracuse and

# SHEEP AND WOOL.

There has been no material change in the wool market during the past week. The prices quoted range from 12 to 16 figures. Buyers continue to offer than the sheepmen care to take and thus business is slow. Most sheep men will hold their clips until later in the season, believing and hoping there will be a

change on the market for the better. Tooele Transcript: The sheep shearers have returned from Rush Valley and all the shearers are now at work at the Tooele corrals. The Rush Valley sec-tion clipped 17,000 sheep.

At several of the banks this morning it was said that the shipments of wool had just begun to move, although, the heaviest shearers would not be in the market for several weeks yet. The clips sold in the South, Mr. Burton of the State Bank said, had netted 16 and 17 cents, a very fair price for southern

# REALTY AND BUILDING.

In the real estate market there have been very few big movements during the past week, but the market is of a good, firm kind and shown no evidences of weakness. Summing up the situation a prominent dealer said today: "The month of March of this year was the best we have known in the real estate There were more sales made, and at better prices, than have been made in a corresponding month for at least three years previous. So far, this month has not been as good as last month in the matter of sales, but the tone of the market is good. Rain on the opening days of April tended to reduce the number of sales, but it is expected that they will pick up from now on. We have probably from fifty to a hundred calls each day for houses to rent, while we have but one or two upon our open for tenants. It is impossible to get The bank clearings of the United States show a falling off of 12½ per cent from the same week last year, the total figures being \$1,725,860,536,00. Sait
